BERTOLIZZI'S BRIDGE MUSIC

An unusual use of the Mid-Hudson Bridge not foreseen by the Roebling or Modjeski companies is Joseph Bertolizzi "Bridge Music." Bertolizzi struck percussion instruments on the steel of the Mid-Hudson Bridge and its cables to create sound which he has composed and recorded. You can hear it at Listening Stations on the tower landings from April 1 to Oct 31 and also on 95.3FM in the parks flanking the bridge.
